Another Great Session Between Quarters

Sponsored by TSO

Encounter with Iran. The accelerated controversy over the Iran nuclear negotiations and the looming March deadline for agreement on an accord bring into sharp focus the need for better understanding of Iran, its government and its people. Several years ago, Dr. Jim Maynard, as president of the United Nations Association of Greater Seattle, co-led a United Nations Association of Greater Seattle educational trip to Iran. During the visit, the group met with local citizens, clerics and educators, and visited historical sites. Dr. Maynard took extensive photos during the visit. He will present a collection of these as well as observations on Iranian life and politics from 10:00A-12:00N on Friday March 27 in room 1125 on the Bellevue College North Campus.

This lecture is another in the new series of between quarter seminars sponsored by the TELOS Student Organization (TSO). The lecture is free of charge and is limited to 39 registrants on a first come first served basis. To sign up, please email info.telosso@gmail.com and include the word "IRAN" in the message.
